

## wedding photography package

# henry aarvold photography

Henry Aarvold Photography combines a relaxed informal style with a unique blend of stunning contemporary imagery and the utmost professionalism.

### Your Wedding Day

Full coverage of your wedding is inclusive; beginning with bridal preparations, through the ceremony, to the speeches and first-dance. The story of your day is then portrayed in a beautiful album handmade to order.

### Wedding Consultation and Pre Wedding Shoot

In preparing for your wedding day one of the most important elements is the inclusive pre-wedding shoot. Typically two to three months before your wedding we will meet for a coffee and talk through the details and schedule of your day. At this time we will also through family in attendance and any formal group shots required. After which we will head to a nearby location for your photo shoot. This is an opportunity to experience being professionally photographed in public and the relaxed, enjoyable style of Henry Aarvold Photography. Helping to ensure that on your big day you are comfortable and confident with your choice of photographer. You will then be able to view the images online and be able to make purchases for yourselves and family. During the consultation you will also be able to bespoke your album including the option to have a landscape or portrait format, blend cover materials and colours including leathers and silks in a range of designs or even upgrade to a unique Armour, Acrylic, Canvas or Plexiglass cover.

### Album Pre-design and Viewing Your Images

After your wedding a stunning design layout will be created by Henry, reflecting his vision of your wedding day. These layouts will be made available to you via a password protected gallery online and you are then welcome to view and share the slideshow from any internet enabled computer in the world. The gorgeous 8x12 flushmount album with the first 10 pages is inclusive to the package. Additional page layouts are available at a cost of £50.00. The initial pre-design will have at least 20 pages and will be available online for a maximum of 60 days. During this time you are given one edit session whereby pages can be removed or altered should you wish.

### Gallery book

In addition to your bespoke album you will receive a beautiful A3 gallery book. With a personalised hardbound cover, this book contains every image included in your gallery. An ideal accompaniment to the online versions of your wedding pictures. This book is presented to you at the same time your wedding pictures and album design are made available online.

An online gallery of individual images is also provided for you, your family and friends to view and make purchases from.

**Your initial investment for this service is £1600.00, inclusive of full coverage, a pre-wedding shoot, a 12x8 inch flushmount album with the first 10 pages and a personalised A3 gallery book.**
